

**DEPARTMENT ELECTRICAL & COMPUTER ENGINEERING
SMITH ENGINEERING**

**Teaching Fellow Position
Academic Year 2026-2027**

Posting Date: July 14, 2026

Closing Date: July 28, 2026

The Department of Electrical and Computer Engineering in Smith Engineering at Queen's University requests applications from suitably qualified candidates interested in teaching the following undergraduate course in the 2026-2027 session.

ELEC 326: Probability & Random Processes

Fall Term Course: September 1, 2026 – December 31, 2026

Qualifications

Minimum of a M.A.Sc. Degree in Engineering or a related field, or a B.A.Sc. Degree in Engineering with extensive practical experience in engineering communications. Registered as a Professional Engineer (or an Engineer in Training) in the Province of Ontario. Previous teaching experience at the University level will be preferred. Candidates should have excellent communication and presentation skills. Preference will be given to candidates who are registered as professional engineers in the province of Ontario.

Rate of Pay: \$9,924 per half-credit course (plus pay in lieu of benefits and vacation).
This posting is to fill an existing vacancy within the University.

Course Description:

ELEC 326 Probability & Random Processes | Units: 3.50

This course provides an introduction to probabilistic models and methods for addressing uncertainty and variability in engineering applications. Topics include sample spaces and events, axioms of probability, conditional probability, independence, discrete and continuous random variables, probability density and cumulative distribution functions, functions of random variables, and random processes.

Requirements: APSC 171

Offering Term: Fall

The anticipated enrollment: 220

Teaching requirement:

The above advertised course will be taught on campus. Fall term classes begin on September 08, 2026. The Fall term examination period is December 10 – 23, 2026.

Teaching Fellows at Queen's University are governed by a [collective agreement](#) between Public Service Alliance of Canada (PSAC) 901, Unit 1, and Queen's University.

As part of the application process at Queen's University, our recruitment system uses Artificial Intelligence (AI), as defined under the Ontario Employment Standards Act, to ask job-related questions and confirm eligibility for hire. All final hiring decisions are made using non-AI related processes.

Prior to May 1, 2022, the University required all students, faculty, staff, and visitors (including contractors) to declare their COVID-19 vaccination status and provide proof that they were fully vaccinated or had an approved accommodation to engage in in-person University activities. These requirements were suspended effective May 1, 2022, but the University may reinstate them at any point.

Application Instructions

The University will provide support in its recruitment processes to applicants with disabilities, including accommodation that considers an applicant's accessibility needs. If you require accommodation during the interview process, please contact ECE Reception: ecerecpt@queensu.ca.

Applications should include a complete and current curriculum vitae, a statement of teaching experience, the names and contact details of two referees who may be contacted, a copy of your transcript, and any relevant other materials the candidate wishes to submit for consideration. Applicants are encouraged to apply and upload all documents in their application packages electronically as PDFs on the Interfolio website: <https://apply.ca1.interfolio.com/124045>

Applications should be received **no later than July 28, 2026**.

Equal Employment Opportunity Statement

The University invites applications from all qualified individuals. Queen's is strongly committed to employment equity, diversity, and inclusion in the workplace and encourages applications from Black, racialized/visible minority and Indigenous people, women, persons with disabilities, and 2SLGBTQ+ persons.

In accordance with Canadian immigration requirements, Canadian citizens and permanent residents of Canada will be given priority, including any qualified individuals who have a valid legal work status in Canada. Please indicate in your application if you have a valid legal work status in Canada. Applications from all qualified candidates will be considered in the applicant pool.
